**Subject:** Hudson Works Web Page for Consideration on Passaic Removal

Paul & Paul & Bill, Carol & Debbie:

The link below takes you to GE's Hudsonworks Web site for registering local businesses, services, vendors, etc. for potential use in the Hudson River PCBs cleanup project. I mentioned this at the meeting yesterday as something that Tierra may want to consider for the Passaic removal project.

I appreciate everyone's candid and energetic input yesterday and willingness to all work together. I thought it was a good meeting and sorry if I was a bit grumpy.

<http://www.hudsonworks.net/>

this web page on GE's dredging project Web site has summary information on use of local businesses on the project to-date [http://www.hudsondredging.com/local\\_business/](http://www.hudsondredging.com/local_business/)
